LONDON, *October* 28.

A MONUMENT of exquisite Workmanship, design'd by Adams, and executed by Rysbrach, is now erected in the Parish Church of St. Michael Penkivil, Cornwall, to the mory of Admiral Boscawen, with the follow- Inscription:

Here lies the Right Honourable
EDWARD BOSCAWEN,
Admiral of the Blue, General of Marines,
Lord of the Admiralty, and one of his
Majesty's most Hon. Privy Council.
His Birth, tho' noble,
His Titles, tho' illustrious,
ere but incidental Additions to his Greatness.
HISTORY
In more expressive and more indelible
Characters,
Will inform latest Posterity
With what ardent Zeal,
With what successful Valour,
He served his Country;
And taught her Enemies
To dread her naval Power.
In Command
He was equal to every Emergency,
Superior to every Difficulty;
his high Departments masterly and upright;
His Example formed, while
His Patronage rewarded,
MERIT.
ith the highest Exertions of military Greatness
He united the gentlest Offices of Humanity;
His Concern for the Interest, and unwearied
Attention to the Health, of all under
His Command,
Softened the necessary Exactions of Duty,
And the Rigours of Discipline,
the Care of a Guardian, and the Tenderness
Of a Father.
Thus beloved and revered,
miable in private Life, as illustrious in public,
This gallant and profitable Servant of his
Country,
When he was beginning to reap the Harvest
Of his Toils and Dangers,
In the full Meridian of Years and Glory,
After having been providentially preserved
Thro' every Peril incident to his Profession,
Died of a Fever,
On the 10th of January, in the Year 1761,
The 50th of his Age.
At Hachland's Park, in Surry,
A Seat he had just finished (at the Expence
Of the Enemies of his Country)
And (amidst the Groans and Tears
Of his beloved Cornishmen) was
Here deposited.
His once happy Wife inscribes this Marble,
An unequal Testimony of his Worth,
And of her Affection.

m the Gentleman's Magazine, *for* Octob. 1763.

ON the 2d of this Month a most violent Storm began, which did great Damage to the Ship- in different Parts of the Coasts of this King- n, as well as in the River Thames, where two ward bound Indiamen, were driven from their orings, and the Lighters with their Guns on rd, sunk. This Storm was no less violent in land and Scotland than here, the fatal Effects of ich are more and more heard of every Day. e Packet boats for Ireland were reduced to the atest Distress in this Storm, and having neither e nor Candle on board, the Passengers, in mber 100, and more, almost suffocated in the ld, where they were forced to remain in as bad ituation as the Black Hole, till the Packet very ppily got to Haverford West, where the Hatches re opened, and the poor Creatures released, just many of them were ready to expire.

Letters from Ireland also give dreadful Accounts the Damages done by this Storm. At Thomas-Town the Bridge was carried away, together with the Post-Office and several Houses, and some Persons drowned. John's and Green's Bridges in Kilkenny; also Callen, Ennistague, Bennet's, Ballylynch, and Two-mile Bridges are all thrown down; and a small Rivulet, which runs through Gowran, rose 20 Feet. The falling of John's Bridge was attended with most affecting Circumstances, being crowded with People going to the Assistance of a Family whose House was surrounded with Water, and which was shortly after carried away: The Number of Persons lost on this melancholy Occasion, was upwards of 70. Seventeen Bridges in the County of Wicklow, have been carried away; and the Commons of Lyons have been laid Four Feet under Water.

On the 17th Instant, an extraordinary luminous Appearance was observed in Scotland, about 7 o'Clock in the Evening, which proceeded with great Velocity from N. to S. and with such Splendor, as to illuminate the whole Country, equally as at Mid-Day. The same Phænomenon was observ'd in France.

On the 21st, a curious Halo appeared round the Moon, it's Semidiameter from the lower Limb of the Planet, to the opposite Arch of the Phænomenon, was very near 21 Degrees and an Half. The Halo was exceeding bright, and lasted from Half past Ten, till within one Minute of Eleven.

A shovel mouth'd, or cow bellied Shark, peculiar to the Coast of Africa, was killed by some Fishermen on the Coast of Ireland. Its Length was Five Feet; it's Breadth Four. It had three Rows of Teeth, Paps under its Fins; and it's Maw could be seen distinctly into Three Feet deep, and big enough to hold a Man.

A Mountain call'd Kerkaece, in the County of Wicklow, burst with a prodigious Noise, and immediately a great Eruption of Water came forth, and ran with great Rapidity into an adjoining River, carrying all before it.

A Letter from Port-Mahon, affirms, that before the French quitted that Fort, they ruin'd the Works, and left the Whole in a miserable Condition.

The Lively from Chester for Dublin, positively said in several printed Letters to have been lost, with more than 100 Passengers, and a Cargo valued at 40,000l. arrived in Dublin Harbour after suffering great Distress, and having several Persons wash'd overboard; 60 per Cent. Insurance was refus'd upon her.

Thus far the Gentleman's Magazine.

LONDON, *October* 29.

IT is asserted, that two great Powers, and very near Neighbours to Poland, entered into a Convention several Months ago, to Guarantee the Freedom of the next Election, and to advance two Armies of a competent Force, on their respective Frontiers, which are to remain at the Disposition of the Primate, in Case any other foreign Power shall attempt to make use of Force.

Part of the Wreck of a large Ship is cast on Shore near Wareham Harbour, near Berwick; a Surgeon's Chest and 16 Gun Carriages coming ashore, makes it thought to be a King's Ship: Only one Body, and that Naked, is yet found.

As the Business of Ship Building in our foreign Plantations is an Article of the highest Importance, and a very considerable Branch of Commerce, we hear great Interest will be made at the ensuing Sessions for a Repeal of that Part of the Clause in an Act of Parliament which strictly enjoins all Ships freighted from America to the Mediterranean, to an immediate return to England, by which the intentional Sale of such Ships abroad are very much retarded, and the Expence augmented.—Should this Effort take Place, as New-England built Ships are in much Esteem abroad, we shall soon see all our idle Carpenters plentifully provided for, without the Necessity of driving them to foreign Places for Employ.

The Settlers of Florida and Louisiana will have greatly the Advantage of their Predecessors, who went over upon the same Plan to the Northward; they will not have the dreadful Frosts of New-England and Nova-Scotia to encounter, there being no Winter so far to the Southward; all Manner of Necessaries will be brought to their Hands, and the Men of War and Transports will shelter and assist them till proper Houses are built for them.

It is rumoured that the King of Prussia will set up his Brother Prince Henry for a Candidate for King of Poland, having already secured 18 Voters.

Governor Johnstone of West-Florida, taking Affront at the North Briton of Sept. 17, went to the Lodgings of Mr. Brooks, and asked him if he was the Author of that Paper; but receiving no satisfactory Answer, the Governor struck him first with his Fist, and then repeated his Blow with a great Stick; and on Brooks's grappling with him, the Governor drew his Sword. Mr. Brooks has since served him with a Judge's Warrant, and employed Mr. Beardmore to prosecute him in the Court of Common Pleas for the Assault.

Nov. 2. We hear that besides indicting Governor J--st--ne in the Court of King's Bench, in Behalf of the King for an Assault, that Mr. B—— has commenced an Action against that Gentleman and laid his Damages at 1000l.

There are now such immense Quantities of Corn in the different Ports of Spain, France and Portugal, which have been exported from England, that Shipmasters are obliged to make great Interest in having their Ships unloaded; and many of them are obliged to wait so long, that the Expences of the Voyage consumes the Profit: It is said several Thousand Bushels are now shipping off for the Havannah, and other Spanish and French Islands in the West-Indies.

Oct. 31. A Captain in the West-India Trade has lately discovered a very easy and singular Method of working a Ship's Pumps at Sea, by Means of a simple mechanical Engine, which the least Breeze of Wind puts in Motion.

We can with pleasure observe, that by an Account just published at the End of a printed Sermon, lately preached by the celebrated Dr. Delany before Sir Robert Ladbroke, President, and the Trustees of the several Charity Schools belonging to this City and Suburbs, it appears that 3523 Boys are at this Time cloathed and educated, and some of them qualified for Sea Service; and 2205 Girls are also cloathed and educated, and many of them wholly maintained, by the voluntary Contributions of the Public, and the generous Legacies of well disposed Benefactors.

Nov. 11. Several Riots have already been raised in different Parts of Holland, on Account of some Efforts to introduce a new military Establishment in the Militia, which has occasioned many Lives to be lost.

About a Fortnight since a Lad found a Parcel of Papers in one of the Streets in this City, and being ignorant of their Contents, carried them to a Stock-broker, near the Royal Exchange, who not being at home, his Wife purchased them for 1l. 6s. On Examination they proved to be Dutch Bank-Bills, and, we hear, that on Monday Se'nnight last they were sold, with a proper Salvo to any future Claimant, for 15,000l.

Extract of a Letter from Quebec, Sept. 28.

"The late Revolt of Troops quartered here, does both the distressed Soldiers and the Governor great Honour. The Soldiers dismissed all their Officers, even to the Serjeants and Corporals, not desiring them to run any Risk in their distressed Cause, and sent them to assist the Governor in his critical Situation. They chose one Walker, a Grenadier in the 47th Regiment, for their Commander, and declared, that they could live with the usual Allowance of Provisions without their Pay, but could not live with their Pay without their Provisions; that they had no Intention to distress or plunder any of the Inhabitants, but that they were determined to march by Montreal to New-York, and demand a Redress of their Grievances from Gen. A----st, who, they looked on as the Person that had injured them, by stopping their Provisions. This a little alarmed our Governor, Gen. Murray, who ordered the Guard on Duty to be sounded, and he found them all of one Opinion, but that they

they would not desert their Post while on Duty. On this, the Governor entered into a Treaty with the injured Soldiers, and brought them to a Sense of their Duty without any Bloodshed."

BOSTON, *January* 2.

Capt. Scott, in a Brig, is cast away on the Back of Long-Island, the Vessel stove to Pieces, and all the Crew perished.

NEW-YORK, *January* 19.

On Sunday Night last, the City was alarmed by the ringing of the Bells, and the Cry of Fire, but it prov'd to be a Riot of a Party of Soldiers, to rescue a Prisoner for Debt, from the New Goal in this City—the following particular Account of which we have inserted at the earnest request of some of the Prisoners. In this Riot a few Persons were wounded or hurt, and one Serjeant was killed.

On Sunday Night last, about half after Nine, a Gang of riotous Soldiers, armed with Guns and Axes, entered the Goal of this City. The Front Door being open, they were stopped by that which separates the Keeper's Lodgings from the Parts designed for Confinement, where they first discovered themselves, by shouting and huzzaing, Major Rogers. They demanded of Mr. Mills the Keys of the Goal, and on his Refusal grew very furious. He struggled a long Time with them, without being heard by any Body above Stairs, and in the Darkness and Confusion received a slight Cut in the Head, and a violent Bruise in the Shoulder; tho' it does not appear that they design'd him any personal Hurt. The Noise at last being heard, one of the Prisoners went to the Grate, and heard the Goaler calling to the Turnkey, and saying, that Soldiers came to rescue Major Rogers, he return'd to the Room where he had before been sitting with the Major and other Prisoners, and related what he had heard. The Major appeared very uneasy, and behaved with great Decency—I am afraid, said he, they will ruin me. He was desired to interpose, to pacify the Soldiers and prevent Mischief, but some Body having shut the Door that covers the Grate, and the Rioters finding themselves deprived of the Light of the Lamps, they grew more outrageous, and fired thro' the Grate, the Ball grazed the Major's Eye Brow, and wounded him. He withdrew to the Room he was in before, and said, they will undo me, they will certainly undo me.

The Soldiers soon forced all the Doors, and demanded the Major, who, with other Gentlemen stood at the Door of the Room where they had passed the Evening.—He told them he was the Major, and ask'd what they wanted of him. One of them took him by the Collar, and said, Come, Sir, you are my Prisoner. The Major replied, Indeed I am afraid, Gentlemen, you will ruin me. He was immediately carried away.—[N. B. There was no Stranger in the Goal, which had been secured and lock'd up more early than usual, ever since the Major's Confinement.] Soon after, a great Number of Soldiers, chiefly arm'd with Guns, enter'd the Hall in the most riotous Manner, demanding the Major, and breaking all the Locks from the Doors, from the Cupola down to the Dungeons, not excepting those where Criminals for the most atrocious Offences were confin'd. They told the Debtors, they were come to pay off their Debts; that they were their Prisoners, but that they would immediately set them at large: They presented their Guns to the Breasts of all the Prisoners, to force them to leave the Goal. But tho' many of the Debtors are confined for large Sums, yet, to their Honour, one only took the Opportunity—and that one confined for not above £80 Currency. The Prisoners from before 10 till about 12 were not only at full Liberty to go off, but many of them were driven by Force out of the Goal, Some of them return'd immediately, and others the next Morning. They persuaded the Rioters, at length to retire, since all that had a mind to it had sufficient Time to escape. The Soldiers all went away, but some of them being in Liquor, and exulting in their Exploit, return'd again, and delay'd till the City Militia came up, headed by their Officers, who acted with great Firmness. The Goal was secured by a proper Guard, and Quiet was soon restored. Some petty Offenders were retaken, and of 35 Prisoners 11 only were missing, 6 of whom return'd before Noon, and but 4 have made use of the Opportunity to get off: An Instance this, of the too great Disposition'ness of Creditors, and a Proof that a reasonable Agreement might be preferable to a Confinement, which by utterly ruining the unhappy Debtor, seldom answers the Expectation of a doubting or merciless Creditor.

On Thursday the 5th Inst. three Soldiers insisting on the Ferrymens going over thro' the Ice with them, at New Brunswick, in breaking the Ice the Skiff got fast, and endeavouring to get loose, one of them fell thro', and was directly carried under the Ice, and lost. The other got ashore with some Difficulty.

January 26. We have received no particular Account since our last of the Riot mentioned in our Gazette last Monday, to have happened at the New Goal.—There is an Account published, said *to be at the Request of* some *of the Prisoners*, but it is too full of Inconsistencies to be introduced into this Paper. Upon the Whole, it appears that Major Rogers had frequent Interviews with a Number of those Soldiers, with whom, no doubt, he had laid his Plan.—That the better to execute it, he had singled a Set of about 15 or 20, who were to do the Job at a certain Hour, keeping in Reserve at a Distance upwards of an Hundred others to second the Riot; but, kept in Ignorance of the Time of the Major's Release, that a general Alarm of the Town might prevent a Pursuit. This had its Effect,—For, in Half an Hour's Time, *Rogers*, was at the Front Door, and by Report, gave *One*, *Two*, or *Three* Indian *Yells*, and afterwards march'd off with himself,—At this very Instant, Notice was given to the Reserve, by those who *actually* released the Major, that they should assist; when they directly furiously bolted in, beat and abused the Prisoners, opened almost every Door in the Goal in order to find Rogers, and forced every Prisoner out of it at the Point of their Bayonets;—The greatest Part of whom returned the next Morning;—But the *Major*, (agreeable to Logick) *major'd* us all; for, during the Uproar, he was pushing off with a pick'd-up Horse—and, *Indian like*, went the Lord knows where. TWO HUNDRED Pounds, however, is offered for apprehending him.—To finish the Account of this Affray, we should be glad to know, who would be so desirous of having their *Heads broke*, and Shoulders confoundedly *bruised*, by a Stroke *directly* levell'd at them, and afterwards have it said, *no personal Hurt was designed them*;—(A *Stroke* in Rhetoric, this *so crooked*, that we are apt to believe most of our Readers rather chuse to *read of*, than to *experience*). With Regard to Mr. Rogers saying, *Gentlemen you will certainly ruin me*, is altogether good; for as he had Money about him,—to put the better Face on the Matter, it was an Indian Policy to cry out dread of *Ruin*. And, touching his Expressions of being *undone*;—take a *Bear* and chain him—let one of the Rioters, or any other Person break it, and, if the Beast could speak, (Fable like) he would bellow out,—*That Fellow has* undone *me*:—And that was all Rogers wanted, *viz. To be* undone.——

Thursday last Messrs. Joseph and Richardson Cornell, of this City, Shop keepers, absconded, having first taken up Goods, from different Merchants of this Place, to the Amount of £. 7000, and converted the greatest part of them into ready Cash: They went to Cow Neck on Long-Island, and there shut themselves up in a Room, in the House of Mr. Henry Sands, of that Place, and as some of the Creditors were endeavouring to get in upon them, last Friday Morning, they fired two Shot, the last of which killed Mr. Timothy Mc Carthy of this Place, on the Spot; and the same Day they escaped; and 'twas supposed were conveyed on board a Schooner in the Sound. The Coroner's Inquest being summoned, brought in their Verdict, (it is said Wilful Murder.) Mr. Mc. Carthy's Body was brought to Town Saturday Night, and decently interred Yesterday Evening.

Three-and-Twenty Sail of Trading Vessels have quitted this Port since our last, Nine on one Day, and Fourteen on another.

BOSTON, *January* 2.

Capt. Scott, in a Brig, is cast away on the Back of Long-Island, the Vessel stove to Pieces, and all the Crew perished.

NEW-YORK, *January* 19.

On Sunday Night last, the City was alarmed by the ringing of the Bells, and the Cry of Fire, but it prov'd to be a Riot of a Party of Soldiers, to rescue a Prisoner for Debt, from the New Goal in this City—the following particular Account of which we have inserted at the earnest request of some of the Prisoners. In this Riot a few Persons were wounded or hurt, and one Serjeant was killed.

On Sunday Night last, about half after Nine, a Gang of riotous Soldiers, armed with Guns and Axes, entered the Goal of this City. The Front Door being open, they were stopped by that which separates the Keeper's Lodgings from the Parts designed for Confinement, where they first discovered themselves, by shouting and huzzaing, Major Rogers. They demanded of Mr. Mills the Keys of the Goal, and on his Refusal grew very furious. He struggled a long Time with them, without being heard by any Body above Stairs, and in the Darkness and Confusion received a slight Cut in the Head, and a violent Bruise in the Shoulder; tho' it does not appear that they design'd him any personal Hurt. The Noise at last being heard, one of the Prisoners went to the Grate, and heard the Goaler calling to the Turnkey, and saying, that Soldiers came to rescue Major Rogers, he return'd to the Room where he had before been sitting with the Major and other Prisoners, and related what he had heard. The Major appeared very uneasy, and behaved with great Decency—I am afraid, said he, they will ruin me. He was desired to interpose, to pacify the Soldiers and prevent Mischief, but some Body having shut the Door that covers the Grate, and the Rioters finding themselves deprived of the Light of the Lamps, they grew more outrageous, and fired thro' the Grate, the Ball grazed the Major's Eye Brow, and wounded him. He withdrew to the Room he was in before, and said, they will undo me, they will certainly undo me.

The Soldiers soon forced all the Doors, and demanded the Major, who, with other Gentlemen, stood at the Door of the Room where they had passed the Evening.—He told them he was the Major, and ask'd what they wanted of him. One of them took him by the Collar, and said, Come, Sir, you are my Prisoner. The Major replied, Indeed I am afraid, Gentlemen, you will ruin me. He was immediately carried away.—[N. B. There was no Stranger in the Goal, which had been secured and lock'd up more early than usual, ever since the Major's Confinement.] Soon after, a great Number of Soldiers, chiefly arm'd with Guns, enter'd the Hall in the most riotous Manner, demanding the Major, and breaking all the Locks from the Doors, from the Cupola down to the Dungeons, not excepting those where Criminals for the most atrocious Offences were confin'd. They told the Debtors, they were come to pay off their Debts; that they were their Prisoners, but that they would immediately set them at large: They presented their Guns to the Breasts of all the Prisoners, to force them to leave the Goal. But tho' many of the Debtors are confined for large Sums, yet, to their Honour, one only took the Opportunity—and that one confined for not above £80 Currency. The Prisoners from before 10 till about 12 were not only at full Liberty to go off, but many of them were driven by Force out of the Goal, Some of them return'd immediately, and others the next Morning. They persuaded the Rioters, at length to retire, since all that had a mind to it had sufficient Time to escape. The Soldiers all went away, but some of them being in Liquor, and exulting in their Exploit, return'd again, and delay'd till the City Militia came up, headed by their Officers, who acted with great Firmness. The Goal was secured by a proper Guard, and Quiet was soon restored. Some petty Offenders were retaken, and of 35 Prisoners 11 only were missing, 6 of whom return'd before Noon, and but 4 have made use of the Opportunity to get off: An Instance this, of the too great Distributiveness of Creditors, and a Proof that a reasonable Agreement might be preferable to a Confinement, which by utterly ruining the unhappy Debtor, seldom answers the Expectation of a doubting or merciless Creditor.

On Thursday the 5th Inst. three Soldiers insisting on the Ferrymens going over thro' the Ice with them, at New Brunswick, in breaking the Ice the Skiff got fast, and endeavouring to get loose, one of them fell thro', and was directly carried under the Ice, and lost. The other got ashore with some Difficulty.

January 26. We have received no particular Account since our last of the Riot mentioned in our Gazette last Monday, to have happened at the New Goal.—There is an Account published, said *to be at the Request of some of the Prisoners*, but it is too full of Inconsistencies to be introduced into this Paper. Upon the Whole, it appears that Major Rogers had frequent Interviews with a Number of those Soldiers, with whom, no doubt, he had laid his Plan.—That the better to execute it, he had singled a Set of about 15 or 20, who were to do the Job at a certain Hour, keeping in Reserve at a Distance upwards of an Hundred others to second the Riot; but, kept in Ignorance of the Time of the Major's Release, that a general Alarm of the Town might prevent a Pursuit. This had its Effect;—For, in Half an Hour's Time, *Rogers*, was at the Front Door, and by Report, gave *One, Two, or Three* Indian *Yells*, and afterwards march'd off with himself.—At this very Instant, Notice was given to the Reserve, by those who *actually* released the Major, that they should assist; when they directly furiously bolted in, beat and abused the Prisoners, opened almost every Door in the Goal in order to find Rogers, and forced every Prisoner out of it at the Point of their Bayonets;—The greatest Part of whom returned the next Morning;—But the *Major*, (agreeable to Logick) *major'd* us all; for, during the Uproar, he was pushing off with a pick'd-up Horse—and, *Indian like*, went the Lord knows where. TWO HUNDRED Pounds, however, is offered for apprehending him.—To finish the Account of this Affray, we should be glad to know, who would be so desirous of having their *Heads broke*, and Shoulders confoundedly *bruised*, by a Stroke *directly* levell'd at them, and afterwards have it said, *no personal Hurt was designed them*;—(A *Stroke* in Rhetoric, this *so crooked*, that we are apt to believe most of our Readers rather chuse to *read of*, than to *experience*). With Regard to Mr. Rogers saying, *Gentlemen you will certainly ruin me*, is altogether good; for as he had Money about him,—to put the better Face on the Matter, it was an Indian Policy to cry out dread of *Ruin*. And, touching his Expressions of being *undone*;—take a *Bear* and chain him,—let one of the Rioters, or any other Person break it, and, if the Beast could speak, (Fable like) he would bellow out,—*That Fellow has* undone *me*:—And that was all Rogers wanted, *viz. To be* undone.——

Thursday last Messrs. Joseph and Richardson Cornell, of this City, Shop keepers, absconded, having first taken up Goods, from different Merchants of this Place, to the Amount of £. 7000, and converted the greatest part of them into ready Cash: They went to Cow Neck on Long-Island, and there shut themselves up in a Room, in the House of Mr. Henry Sands, of that Place, and as some of the Creditors were endeavouring to get in upon them, last Friday Morning, they fired two Shot, the last of which killed Mr. Timothy Mc Carthy of this Place, on the Spot; and the same Day they escaped; and 'twas supposed were conveyed on board a Schooner in the Sound. The Coroner's Inquest being summoned, brought in their Verdict, (it is said Wilful Murder.) Mr. Mc. Carthy's Body was brought to Town Saturday Night, and decently interred Yesterday Evening.

AS I am fully determined on going Home in the Spring 1765, if then alive, in order to make a Settlement with my Employers, Meſſrs. JOHN GLASSFORD and Company, Merchants in *GLASGOW*, which I cannot accompliſh without making Settlements with my Cuſtomers; I take this Method of informing them, That from this Date I have given up the Management of the Store to Mr. *Robert Ferguſon*, (who is well known to moſt of them) that I may have it in my Power to attend properly on ſettling all my former Tranſactions, and which I hope I ſhall not be difficulted to get done againſt the Spring 1765, having now all my Accounts ready for that Purpoſe, and I flatter myſelf that none concerned will delay it on their Part, for however much I am inclined to be indulgent to thoſe who really have it not in their Power to make Payment ſoon, yet I am under a Neceſſity of requiring that every Perſon who have open Accounts with me, ſhall make a Settlement of ſuch Account, and their doing it ſoon will prevent them from being put to Expences, as well as Trouble to me. The Store at *George-Town*, on *Patowmack* River, now under the Management of Mr. *Robert Ferguſon*, will be ſupplied with Goods, *&c.* as uſual, and I have not the leaſt doubt of his giving Satisfaction to all who are Kind enough to favour him with their Cuſtom, as well to my good old Cuſtomers, as to others who may incline to open a Correſpondence with him. My Intention is to return to *George-Town* as early in the Spring 1766, as I can finiſh the Buſineſs on which I am going Home. All juſt Claims againſt me, whether on Account of the Store, or properly on my own Account, ſhall be ſettled before I depart the Province. ROBERT PETER, Attorney for *John Glaſſford* and Comp.

DRESDEN, *October* 18.

THE Body of the late King, our Sovereign, was exposed on the 15th, on a Bed of State, in the Audience Chamber, with all the Marks of Royalty. At the Foot was placed the Heart of his Majesty, in a Box covered with Gold and Silver Tissue, with Four Stools with rich Cushions, on which were placed the Electoral Sword, the Scepter, the Globe, and the Collar of the Order of the White Eagle, guarded by two Turkish Halberdiers. On each Side were placed Eighteen Silver Stands, with lighted Wax Tapers; and at some Distance were stationed two Adjutants General, two Chamberlains, two Gentlemen of the Chamber, and six Carabineers. The Chamber was superbly illuminated, and every one is permitted to enter it, from Six in the Morning to Ten in the Evening.

LONDON, *November* 4.

A Gentleman of great Wealth and Influence, is now soliciting for a Grant of a large Tract of Land on the Confines of Georgia, which he intends to settle on the same Principles with those of the famous Mr. Penn, Proprietor of Pennsylvania; which, if it takes place, may be a happy Means of establishing the other Parts of the British Colonies on that Continent.

The Post of Attorney-General, now vacant, is said to be worth upwards of 7000 l. per Annum; and that the Right Hon. Fletcher Norton, Esq; the Sollicitor-General, Mr. De Grey, and Mr. Sewel, are Three of the Gentlemen talked of as likely to succeed Mr. York in that important Office.

Extract of a Letter from Cork, October 27.

"The Good Intent, of Scarborough (Transport) with the 48th (Webb's) and 56th (Keppel's) Regiment of Foot, from the Havannah, last from Plymouth, are arrived, and Yesterday marched into Town. The former Regiment embarked at this Place for America about Nine Years since, upon the beginning of the Troubles in that Part of the World, when it was commanded by Col. Dunbar, and consisted of 1000 effective Men, since when it has suffered so much, that Nine private Men only are returned. The 56th consists of about 200 private, most of which are Draughts from other Regiments since their Return to England. These Regiments were the last of our Troops left at the Havannah, which they evacuated on the Arrival of the Spanish Garrison. Two other Transports with Troops from America arrived this Day at Cove, and the Men are just marched into Town."

Yesterday a New-York Mail arrived at the General Post-Office, by the Duke of Cumberland Packet-boat, Captain Goodridge, having made her Passage out and home in Ten Weeks, and was Nineteen Days only from New-York.

The Hollanders are very angry, and say, that they have been cajoled, and made the Dupes of England for some Years past; and that now they have given them a King, in a Stadtholder.

We are informed that there will be no Trial for the North Briton, No. 45.

It is said an eminent Person in the Law has declared it as his Opinion, that it would be unconstitutional to try the said Affair; and that he could not answer it to his Conscience to plead in the Cause.

Yesterday the Committee of Merchants, appointed to redress their Grievances at the Havannah, waited on the Commander in Chief, and were very genteelly received; and were promised, as soon as the Attorney General's Opinion on his State of the Affair was known, he would give them all the Satisfaction in his Power; on which they took Leave, with this Assurance however, that they were determined to have Redress at all Events.

Extract of a Letter from Amsterdam, October 24.

"Be as expeditious as you can in drawing for whatever you have due to you in this Country, for there will probably soon be such a Change in the Face of Affairs as will surprise your Politicians who are not in the Secret. It is rumoured that the English Minister will be recalled speedily; if so, it will give room to great Suspicions. God send another

another War does not, in a ſmall Space of Time, inflame Europe. Frequent Councils are held in this Province, but nothing of Conſequence tranſpires, except that the Dutch, almoſt to a Man, ſay, that their Marine muſt be put on a more reſpectable Footing, for to its being in ſo forlorn a State they attribute all the Inſults they laſt War received from the Engliſh."

We hear the States General have prohibited the farther Exportation of Corn, and are forming immenſe Magazines in all their Provinces.

The Augmentation of the Dutch Marine is to facilitate the Views of the Family Compact.

We can aſſure the Public, that the French Court, in order to avoid any future Cauſe of Contention with England about the Limits of the Two Nations in North-America, have actually ceded to the Spaniards, the Remainder of their Poſſeſſions in Louiſiana; and as a further Proof of their ſincere Diſpoſition to preſerve the Peace inviolate, Mr. De Guerchy has acquainted our Court in Form, with the Orders actually gone to Dunkirk to fill up that Baſon.

We hear that ſeveral Actions have been brought againſt a certain great Commander, on account of ſome Tranſactions abroad.

We hear that two very intereſting Cauſes, one relating to an Arreſt for Debt, the other an Exciſe Affair, both executed within Doors, and now depending to be tried at the enſuing Term, wherein the important Point, how far an Engliſhman's Houſe is to be reckoned his Caſtle, for his Protection and Safeguard, *in futuro*, in Caſes not relating to Felony or High Treaſon, and according to the Principles of the Conſtitution, will be fully and finally decided.

The Prince of Orange, Stadtholder of Holland, has refuſed to confirm the military Promotions of the States General; as that Power is veſted ſolely in him.

Wedneſday the Directors of the Eaſt-India Company received a Packet, brought from their Settlements by a Swediſh Ship, and forwarded to them by the Way of Holland, the Contents of which are ſaid to be of the higheſt Importance.

The French King is to pay his Sardinian Majeſty 8,200,000 Livres in Twelve Payments, in Conſideration of his giving up his Right to Placentia in favour of the Duke of Parma. The firſt Payment, amounting to 683,333 Livres was made the 10th of Auguſt laſt.

Extract of a Letter from Paris, November 1.

"The Parliament of this City engage to procure the King every Year an Hundred and Fifty Millions more than his Majeſty's Revenues produce at preſent, and a Part whereof, which is to go to the Cheſt of Redemption, will be deſtined to pay off the Debts of the Crown.

Nov. 12. Yeſterday the Opinion of the Court of Common Pleas was delivered in regard to the Debates concerning the Trial of Mr. Wilkes's Cauſes, when the Court was pleaſed to give the Defendants leave to withdraw their Pleas of Not Guilty, and to plead Not Guilty, and a ſpecial Juſtification, under the Secretary of States Warrant, to give Judgment of this Term, and to try the Cauſes the Sittings after, and the Defendants in the two privileged Cauſes conſenting to wave their Privilege.

At the ſame Time a Motion was made in the Court of Common Pleas, in Behalf of the King's Meſſengers, that the Fourteen Verdicts obtained againſt them, by the Journeymen Printers, might be ſet aſide for the Exceſs of Damages given by the Jury, and the Court granted Rules for the Plaintiffs ſhewing Cauſe why new Trials ſhould not be ordered in the ſaid Fourteen Cauſes.

PROVIDENCE *(Rhode Iſland) December* 17.

A Gentleman who arrived here a few Days ago, in 35 Days from Surinam, brings us very unfavourable Accounts of the Situation of Affairs in the Dutch Colony of Berbicia. The Ravages and horrid Cruelties of the Negroes, added to the extream Sickline's of the Seaſon, having reduced the White People there to the laſt Extremity, and nothing but the ſpeedy Arrival of Succour can preſerve the Settlement from entire Ruin.—The Mortality among the Whites was ſo great, that out of 180 Men, who were ſent there from St. Euſtatius, in an armed Veſſel, 100 of them died in a ſhort Time.—The Indian Natives of that Country have been very ſerviceable to the Dutch, and ſtill continue in their Intereſt;—and about a Week before this Gentleman left Surinam, the Captain of an armed Veſſel arrived there with an Account, that the Negroes having ſent Word to the White People that they intended to pay them a Viſit on a certain Day, a Number of Indians made an Attack on the Negroes by Surpriſe, the Day before their intended Viſit, in which they killed 200 of them, with inconſiderable Loſs on their Side.—That notwithſtanding this Check, the Negroes ſtill maintained their Ground, and poſſeſs the beſt part of the Settlement, managing the Plantations with ſurpriſing Induſtry, for their own Support.

The ſame Gentleman further informs us, that Advice had been received at Surinam from Cayenne, that a Number of Tranſports from France, with 1000 French Families, were arrived in order to ſettle there:—That the Man of War which convoyed thoſe Tranſports on her Paſſage fell in with a Dutch Eaſt-India Ship, homeward-bound, the Crew of which had mutinied, killed the Captain and Mate, and got the Command of the Veſſel, with a rich Cargo on board: The French Captain luckily diſcovering the tragical Affair, took Poſſeſſion of her, and carried her into Cayenne, where the rebellious Crew were under Confinement. We have no further Particulars reſpecting that Affair.

NEW-YORK, *January* 16.

We are credibly informed, that very lately the Chenuſſies, (Upper Caſtles of the Seneca Indians) have offered to make Peace with the Engliſh: That the Five Nations are ready to declare War againſt the Perfidious Delawares, Shawaneſe, or any other Indian Tribes, who have offenſively acted againſt us. The Canada Indians have all declared in our Favour; but more eſpecially the Cahgnawagas, who, with the other Nations, will commence Hoſtilities againſt all the Savages in Enmity with us. This intereſting News muſt be very agreeable to our expoſed Colonies.

The Merchants of Boſton have preſented a Remonſtrance to the General Court, praying them to uſe their Influence with the Lords Commiſſioners, for leſſening the Duty on Sugar, Melaſſes, &c. and that they were tranſmitting Copies of the ſame to this, and ſeveral other Governments, for their Concurrence and joint Endeavours for effecting that Purpoſe.

AS I am fully determined on going Home in the Spring 1765, if then alive, in order to make a Settlement with my Employers, Messrs. The Store at *George-Town*, on *Patowmack* River, now under the Management of Mr. *Robert Ferguson*, will be supplied with Goods, &c. as usual, and I have not the least doubt of his giving Satisfaction to all who are Kind enough to favour him with their Custom, as well to my good old Customers, as to others who may incline to open a Correspondence with him. The following Letters which passed between the Right Hon. Mr. PITT *and Mr.* ALLEN, *on the Subject of the* Bath *Address, have been inserted in the* Bath *Journal, to obviate the wrong Impressions which an invidious Representation of that Affair, in several of the public News-Papers, may occasion.*

HAYES, *June* 2, 1763.

DEAR SIR,

HAVING declined accompanying Sir John Seabright in presenting the Address from Bath transmitted to us jointly by the Town-Clerk, I think it, on all Accounts, indispensably necessary that I should inform you of the Reason of my Conduct. The Epithet of *adequate* given to the Peace contains a Description of the Conditions of it, so repugnant to my unalterable Opinion concerning many of them, and fully declared by me in Parliament, that it was impossible for me to obey the Corporation's Commands in presenting their Address, as it was unexpected to receive such a Commission. As to my Opinion of the Peace, I will only say that I formed it with Sincerity, according to such Lights as my little Experience and small Portion of Understanding could afford me. This Conviction must remain to myself the constant Rule of my Conduct; and I leave to them, with much Deference to their better Information, to follow their own Judgment. Give me Leave, my dear good Sir, to desire to convey, through you, to Mr. Mayor, and to the Gentlemen of the Corporation, these my free Sentiments; and, with the truest Sense of their past Goodness towards me, plainly to confess that I perceive I am but ill qualified to form Pretensions to the future Favour of Gentlemen who are come to think so differently from me, on Matters of the highest Importance to the national Welfare. I am ever, with respectful and affectionate Esteem, my dear Sir, your faithful Friend, and obliged humble Servant.

Signed W. PITT.

Lady Chatham joins with me in all Compliments to the Family of Prior-Park.

To RALPH ALLEN, Esq;

PRIOR-PARK, *June* 4, 1763.

My dearest Sir,

IT is extremely painful to me to find by the Letter which you was pleased to send to me, the 2d of this Month, that the Word *adequate* in the Bath Address has been so very offensive to you as to hinder the sincerest and most zealous of your Friends in the Corporation from testifying for the future their great Attachment to you.

Upon this Occasion, in Justice to them, it is incumbent on me to acquaint you that the exceptionable Word does not rest with them, but myself; who suddenly drew up the Address, to prevent their sending of another which the Mayor brought to me in Terms that I could not concur in. Copies of the two Forms I have taken the Liberty to send to you in the enclosed Paper, for your private Perusal; and Sir John Seabright having, in his Letter to Mr. Clutterbuck, only acquainted him that in your Absence in the Country he delivered the Address, I shall decline executing of your Commands to the Corporation on this delicate Point, unless you renew them, upon your Perusal of this Letter, which, for Safety I have sent by a Messenger; and I beg your Answer to it by him, who has Orders to wait for it.

Permit me to say that I have not the least Objection to, but the highest Regard and even Veneration for, your whole Conduct; neither have I any Apology to make for the Expression in which I am so unfortunate to differ from you. And with the utmost Respect, Affection, and Gratitude, you will always find me to be, my dearest Sir, your most humble and obedient Servant.

Signed R. ALLEN.

To the Right Hon. Mr. PITT.

The best Wishes of this Family always attend Lady Chatham.

HAYES, *June* 5, 1763.

My dear Sir,

I AM sorry that my Letter of the second Instant should give you Uneasiness, and occasion to you the Trouble of sending a Messenger to Hayes. I desire you to be assured that few Things can give me more real Concern than to find that my Notions of the Public Good differ so widely from those of the Man whose Goodness of Heart, and private Virtues, I shall ever respect and love. I am not insensible to your kind Motives for wishing to interpose Time for second Thoughts; but knowing how much you approve an open and ingenuous Proceeding, I trust that you will see the Unfitness of my concealing from my Constituents the unsurmountable Reasons which prevented my obeying their Commands in presenting an Address containing a Disavowal of my Opinion delivered in Parliament relating to the Peace. As their Servant, I owe to these Gentlemen an Explanation of my Conduct on this Occasion; and as a Man, not forgetful of the distinguished Honour of having been invited to represent them, I owe it, in Gratitude, to them, not to think of embarrassing and encumbering for the future, Friends to whom I have such Obligations, and who now view with Approbation Measures of an Administration founded on the Subversion of that System which once procured me the Countenance and Favour of the City of Bath. On these plain Grounds, very coolly weighed, I will venture to beg again that my equitable good Friend will be so good to convey to Mr. Mayor and the Gentlemen of the Corporation my Sentiments, as contained in my Letter of the 2d Instant.

I am ever, with unchanging Sentiments of Respect and Affection, my dear Sir, most faithfully Yours.

W. PITT.

PRIOR-PARK, *June* 9, 1763.

My dearest Sir,

WITH the greatest Anxiety and Concern, I have in Obedience to your positive and repeated Commands, executed the most painful Commission that I ever received.

Upon this disagreeable Occasion, give me Leave just to say, that however different our Abilities may be, it is the Duty of every honest Man, after he has made the strictest Inquiry, to act pursuant to the Light which the Supreme Being has been pleased to dispense to him; and this being the Rule that I am persuaded we both govern ourselves by, I shall take the Liberty now only to add that it is impossible for any Person to retain higher Sentiments of your late glorious Administration than I do, nor can be with truer Fidelity, Zeal, Affection, and Respect, than I have been, still am, and always shall be, my dearest Sir, your most humble and most obedient Servant.

Signed R. ALLEN.

To the Right Hon. Mr. PITT.

CHARLES-TOWN (SOUTH-CAROLINA) *Jan.* 4.

ON Friday last, December 30th, in the Evening, an Express arrived here in 4 Days from Long-Canes Settlement, with Dispatches to his Excellency the Governor, containing Advices of divers Murders committed by the Creek Indians, on his Majesty's Subjects of this Province in that Quarter; whereupon his Excellency immediately issued the following Proclamation, viz.

By His Excellency THOMAS BOONE, *Esq; Captain General, and Governor in Chief, in and over the said Province, and Vice-Admiral of the same,*

A PROCLAMATION.

WHEREAS there are divers weighty and important Reasons, for the GENERAL ASSEMBLY of this Province to meet, with all possible Dispatch, in Consequence of Information, this Day received, of many Persons being murdered in the LONG-CANES Settlement, by the CREEK INDIANS. I do hereby, with the Advice of his Majesty's Council, appoint Wednesday, the fourth of January 1764, for their Meeting; and all Persons concerned, are hereby enjoined and required to pay Regard to this Notice, as they value the Security of their fellow Subjects in the North-west Parts of this Province.

GIVEN under my Hand, and the Great Seal of this his Majesty's said Province, this Thirtieth Day of December, *One Thousand Seven Hundred and Sixty-three, in the Fourth Year of his Majesty's Reign.*

THOMAS BOONE.

By His Excellency's Command,
GEORGE JOHNSON, *pro Secretary.*

GOD Save the KING.

Extracts from the Information sent to his Excellency the Governor concerning the late Murders committed by the Creek Indians.

"By Information on Oath, made before Patrick Calhoun, Esq; at Long-Canes, on the 24th of last Month, by Edward M'Gary, a Settler there, and transmitted to the Governor, it appears, That on said Day the 24th past, he, said Edward M'Gary, being at John Vann's old Plantation, on Savannah River, saw some Indians about Noon catching Horses; at first he took the Indians to be Cherokees, but observing one whom he knew to be a Creek (being one of the Party of those Indians that drove the Settlers from Broad River, in Georgia, last Summer) making towards his Gun, which was set up against the House, he got behind an Out-House before the Indian could fire at him, and got off to a Settlement about two Miles distant, whence he and four other Men returned immediately, and riding up to the Door of the House where he first discovered the Indians, they saw one John Dyer's Wife lying on the Floor killed, and a few Steps from the House they found a little Girl lying killed; but being only five White Men, they did not stay to examine if they were scalped, and several People being missing, they thought it best to alarm the Settlements.

"On the 26th of December, Arthur Cody, a Trader, gave Information on Oath, to said Mr. Calhoun, that on the 24th of said Month, he being at a Plantation where he formerly lived, about four Miles from the Mouth of Broad River in Georgia, was informed by Moytoy of Hywassee, who was there with Fourteen other Cherokees in a hunting Camp, that some Creek Indians were that Day gone over Savannah River to kill white People, and that one of his (Moytoy's) young Men, who had been over the said River hunting, had heard some Guns fired, and the Death Whoop raised. Before the Conversation ended, the Creek Indians appeared before the Cherokee Camp, gave the Death Whoop, and held up a Pole whereon were Scalps of the white People; upon which Moytoy desired said Cody to make his Escape, which he did with great Difficulty, being close pursued for above an Hour by the Creeks, who were so near him when he crossed Broad River, as to be entering on one Side as he got to the other. He continued in the Woods all Night, and next Day, December 25th, about Ten o'Clock, he discovered the Tracks of the Enemy still in pursuit of him, but luckily came up with another Cherokee Camp, where was the *Rabbet* Warrior of Toogaloo, with five other Cherokees, who pressed him not to halt, but make the best of his Way, as the Enemies were gone down the River, and two of the Cherokees went with him to conduct him over to the Settlement. About half a Mile from the Camp they discovered a Party of the Creeks, on which the Cherokees desired Cody to keep out of Sight, and they would endeavour to learn what had been done. When they returned they told him, they had squatted till the Enemy passed; they consisted of eight Creeks, and had taken five white Scalps. Cody got to Mr. Calhoun's the 26th, miserably disfigured and scratched with the Briers, &c. The *Rabbet* abovementioned informed Cody, that the Creeks said a great Body of those Indians was lying at the great Buffalo Lick, about 35 Miles up Broad River, intending to cross Savannah River at the Long Canes, and proceed as far as Saluda; and another Party to go down the

the River towards Auguſta. One of the *Rabbet*'s Party had been killed about five Days before, by the Creeks as he thought. Moytoy deſired the Governor might be informed that he had not forgot his Promiſe at the Congreſs to aſſiſt the white People, if it became needful; and if his Aſſiſtance was wanted, deſired his Excellency might ſend him a painted Knife, that he might know it was War.

" A Letter from Mr. Calhoun to his Excellency, dated Fort at Long Canes, December 26, ſays, That beſides the Woman and Girl mentioned in Edward M'Gary's Affidavit, a young Man had been found killed about a Mile from the other. Such a Detachment of the Militia as could be ſpared from guarding the Women and Children, was ſent out to bury the dead, and make Diſcoveries; part of them returned the 26th; they found the Bodies of 14 white Perſons killed at the Time and Place mentioned by M'Gary, only one ſcalped, but the others cut and mangled in a moſt inhuman Manner; ſeveral Perſons were ſtill miſſing, but the Party being ſmall, they did not chuſe to ſtay out long, and had brought in many of the Settlers to the Fort. The ſituation of the poor Inhabitants is repreſented as very deplorable, flying for fear of the Savages with only the Cloaths on their Backs, helpleſs Women and Children expoſed to all the Inclemencies of a rigorous Seaſon, abandoning their Habitations, and in Want of every Conveniency, and even the Neceſſaries of Life. An Alarm had been ſpread through the Country, and Application made for a Detachment of Militia from the Regiment commanded by Col. Chevillete at Orangeburgh, which, though upwards of an hundred Miles from Long Canes, was their neareſt Relief. Several Settlers were come from the Northward and other Parts ſince the Congreſs at Auguſta, who, with many ſingle Men, ſeemed willing to make a ſtand, if they met with ſpeedy and proper Encouragement."

By other Intelligence we learn, that Moytoy the Cherokee, furniſhed Arthur Cody with a Horſe, which enabled him to get to the Fort at Long Canes. Moytoy ſaid, that the whole Number of White Perſons ſcalped by thoſe Indians, appeared to be twelve, and thoſe killed, but not ſcalped, thirteen, according to the Accounts he had received.

The Inhabitants of Long Canes got into two ſtockaded Forts, which they built for their own Defence; in one were thirty-ſeven Men, and one hundred and three Women and Children, and in the other thirty-four Men, and thirty-five Women and Children. There are likewiſe Forts at Ninety-Six, and at Hard-Labour, about 24 Miles from Long Canes, whither we hear many are fled for Shelter, and all the other back Settlers, Mr. Calhoun ſays, are moving down to Ediſto. The Detachment mentioned above, ſent out to bury the Dead, conſiſted only of ten Men; they went firſt to Dyer's Plantation; next to—Lawſon's, and then to—Pawley's, where they found all the Families murdered except three Men, one Boy, and one Girl, who providentially happened to be gone out.

BOSTON, *January* 19.

Extract of a Letter from London, dated Nov. 9, 1763.

" The Miniſtry is the ſame as when I wrote you by the laſt Packet. Our Commons are all returning from Spa, France, &c. againſt the enſuing Seſſion of Parliament, which is fixed to be the 15th Inſtant, it is expected to be a very warm one. Sir Charles Yorke has reſigned his Place as Attorney General. Lord Northumberland has greatly diſpleaſed his Iriſh Subjects, in attempting further Penſions on the Iriſh Liſt: Lord Kildare is gone over to ſuppreſs the Riots. It is ſaid that Dr. Tucker, Dean of Briſtol, will be created a Biſhop, by the Title of Biſhop of Albany, with a Salary of £ 1500 per Annum, to be paid out of his Majeſty's Quit Rents in America; that his Lordſhip's Reſidence will be at Albany, where a Palace is to be built at the Expence of the Crown: This Gentleman is remarkable for his great Attention to American Affairs."

NEW-YORK, *January* 26.

Yeſterday came on, in the General Court in this City, the Trial of the Soldiers taken up on Account of the late Riot, breaking the Goal, and reſcuing Major Rogers; when we hear five of them were found Guilty, and that they have declared the Major was privy to the Deſign.

About 10 o'Clock Saturday Night laſt, Captain Mooney, of this Place, was ſtopped by three Sailors, near Chapel-ſtreet, and ordered to Stand and Deliver, and at the ſame Time they preſented a Piſtol to his Breaſt; Capt. Mooney, not chuſing to comply with their Requeſt, ruſhed in upon the Fellow who had the Piſtol in his Hand, which he immediately fired, and Capt. Mooney narrowly eſcaped being ſhot, as the Ball went through his Cloak. The Villains immediately made their Eſcape.

Jan. 30. We have it from the very beſt Authority, That Sir WILLIAM JOHNSON was lately viſited by above 300 Friendly Indians of the Five Nations; as alſo by ſome Deputies from the Senecas, who are accompanied by one Hans Eiſe, a German, formerly taken near Fort Cumberland, and delivered up, with ſeveral other Priſoners, to Sir WILLIAM about two Years ago: But, being a profligate Perſon, immediately made his eſcape to the Senecas, whom he has ſince accompanied, by his own Confeſſion, to war againſt the Engliſh, and committed ſeveral Acts of Cruelty, by the Report of others.—On which Information Sir WILLIAM cauſed him to be apprehended, and committed to Albany Goal.—And has alſo obtained from a Village of Friendly Senecas, one Gabriel Elliſon, an Engliſhman, who ſays he has Relations in Bucks County, in the Province of Pennſylvania, and was taken in November 1762; and carried to Kanawagan, a Caſtle of Enemy Senecas, from whence he made his Eſcape to Ganadaſego, a Caſtle of Friendly Indians of that Nation (next to Cayuga) which Indians having remained neuter during the late Hoſtilities, have now delivered him up at Sir William Johnſon's Requeſt.

Feb. 2. On Saturday Night Mr. Edward Nicholls, of this Town, was robbed of a ſmall Sum of Money, in the Street on Golden Hill, by a Man who preſented a Piſtol to his Breaſt, threatening his Life, if he made the leaſt Noiſe or Delay.—This was probably one of the ſame Perſons who attempted Captain Mooney.——And on Tueſday Morning laſt a Fellow was detected in ſtealing a Saw from a Cooper on the North River. He offered the Cooper a Ten Pound Bill to let him eſcape, and on his Refuſal attempted to break from him, but was ſecured, and carried before a Magiſtrate, where he was ſearched and a loaded Piſtol, a Powder Horn with Powder, a Paper of Bullets, and a long ſharp pointed Knife, were found in his Pockets. He proved to be the ſame Man who was tried in October laſt, and found Guilty in the Supreme Court, for Robbing Sullivan of a Watch, &c. and diſcharged on Suppoſition of Inſanity. It was declared by Sullivan that ſome of the Goods taken from the Villain in the Scuffle, by Capt. Mooney, appeared to be the ſame he had ſeen worn by the Man who had robbed him of his Watch. Capt. Mooney and Mr. Nichols declared that the Priſoner appeared to be the ſame that robbed the one, and attempted to rob the other. He was committed to Goal.

Elizabeth-Town (New-Jerſey) Jan. 23, 1764.

Laſt Friday departed this Life Miſs MARY ELDRINGTON, an old Virgin, in the 109th Year of her Age; ſhe was of an ancient Family, born at Eldrington-Hall, in Northumberland, Old England, and on the next Day ſhe was decently interred in St. John's Church-yard, at Elizabeth-Town. It is remarkable that notwithſtanding her great Age, ſhe was deſirous of getting a Huſband before ſhe died; and not two Years ſince, nothing would offend her ſo highly as to tell her that ſhe was too old to be married.

PHILADELPHIA, *February* 2.

We hear from Eaſt-Jerſey, that laſt Friday Evening, ROBERT HUNTER MORRIS, Eſq; Chief Juſtice of that Province, and formerly Governor of Pennſylvania, died ſuddenly there. His Death is juſtly looked upon as a public Loſs in that Government, where he has long maintained the Character of an able and upright Judge.

Feb. 9. On Saturday laſt the City was alarmed with the News of great Numbers of armed Men, from the Frontiers, being on the ſeveral Roads, and moving towards Philadelphia. As their Deſigns were unknown, and there were various Reports concerning them, it was thought prudent to put the City in ſome Poſture of Defence againſt any Outrages that might poſſibly be intended. The Inhabitants being accordingly called upon by the Governor, great Numbers of them entered into an Aſſociation, and took Arms for the Support of Government, and Maintenance of good Order.

Six Companies of Foot, one of Artillery, and two Troops of Horſe, were formed, and paraded; to which, it is ſaid, ſome Thouſands, who did not appear, were prepared to join themſelves, in Caſe any Attempt ſhould be made againſt the Town. The Barracks alſo, where the Indians are lodged, under Protection of the regular Troops, were put into a good Poſture of Defence; ſeveral Works being thrown up about them, and eight Pieces of Cannon planted there.

The Inſurgents, it ſeems, intended to rendezvous at Germantown; but the Precautions taken at the ſeveral Ferries over Schuylkill impeded their Junction; and thoſe who aſſembled there, being made acquainted with the Force raiſed to oppoſe them, liſtened to the reaſonable Diſcourſes and Advice of ſome prudent Perſons, who voluntarily went out to meet and admoniſh them; and of ſome Gentlemen ſent by the Governor, to know the Reaſons of their Inſurrection; and promiſed to return peaceably to their Habitations, leaving only two of their Number to preſent a Petition to the Governor and Aſſembly; on which the Companies raiſed in Town were thanked by the Governor on Tueſday Evening, and diſmiſſed, and the City reſtored to its former Quiet.

But on Wedneſday Morning there was a freſh Alarm, occaſioned by a falſe Report, that Four Hundred of the ſame People were on their March to Attack the Town: Immediately, on Beat of Drum, a much greater Number of the Inhabitants, with the utmoſt Alacrity, put themſelves under Arms; but as the Truth was ſoon known, they were again thanked by the Governor, and diſmiſſed; the Country People being really diſperſed, and gone home according to their Promiſe.

Extract of a Letter from Burlington, Jan. 25.

" Lieutenant Shaw, who commanded our Detachment at Niagara, after the Death of Captain Johnſton, is come down from thence, and ſays that the very Warriors, who were at the Attack of our People at the North End of Lake Erie, were at Sir William Johnſon's, making their Submiſſion, as he paſſed by."

ANNAPOLIS, *February* 16.

Some few Days ago, at *Oxford*, as two little Girls of Mr. *Pompillon*'s, were ſitting by a Fire Side by themſelves, the Fire flew and catch'd the Cloaths of one of them, and burnt her to that Degree that ſhe Died in a few Hours after.

Laſt Monday Died on *Kent-Iſland*, aged 57 Years, Mrs. MARY HUTCHINGS, Wife of Mr. JAMES HUTCHINGS, who was a good Wife, Mother, Miſtreſs and Neighbour.

Friday Evening laſt, as one —— *Salter*, was going over a Ferry at *Frederickſburg* with his Horſe, they were both Drowned.

In the laſt Spell of Cold Weather, an old Woman (formerly a Servant to Mrs. *M'Leod*) was froze to Death at *Upper-Marlborough*.

FROM THE WHIM. N°. 8.

MR. DRYDEN happening to pass an Evening in Company with the Duke of Buckingham, the Earl of Rochester, Lord Dorset, and some others of the first Distinction and Reputation for Genius, the Conversation turned upon literary Subjects; such as the Fineness of Composition, the Harmony of Numbers, the Beauties of Invention, the Smoothness and Elegance of Stile, &c. &c. After some Debate, it was finally agreed, that each Person present should write Something upon whatever Subject chanced to strike the Imagination, and place it under the Candlestick. Mr. Dryden was excepted against in every respect, but as a Judge of the Whole. Of Course that Office was assigned him. Some of the Company were at more than ordinary Pains to out rival the others; the Man most tranquil and unconcerned was Lord Dorset; who, with much Ease and Composure very cooly wrote two or three Lines, and carelessly threw them into the Place agreed upon; and when the Rest had done so by theirs, the Arbiter opened the Leaves of their Destiny. In going through the Whole, he discovered strong Marks of Pleasure and Satisfaction; but at one in particular he displayed the most boundless Rapture. I must acknowledge, says Dryden, that there are Abundance of fine Things in my Hands, and such as do Honour to the Personages who wrote them; but I am under an indispensable Necessity of giving the highest Preference to Lord Dorset. I must request you will hear it yourselves Gentlemen, and I believe each, and every one of you, will approve my Judgment.

I Promise to Pay to JOHN DRYDEN, *Esq; or Order, on Demand, the Sum of Five Hundred Pounds.* DORSET.

I must confess (continued Dryden) that I am equally charmed with the Stile and the Subject; and I flatter myself, Gentlemen, that I stand in need of no Arguments to induce you to join with me in Opinion, even against yourselves. This Kind of Writing exceeds any I have seen, either Ancient or Modern, it is not only the Essence but the Quintessence of Language; and is, in Fact, Reason and Argument surpassing every Thing. The Company all readily concurred with the Bard, and each Person present was forward to express a due Admiration of his Lordship's Penetration, solid Judgment, and superior Abilities, with which, it is probable, Mr. Dryden, *that great Judge upon such Occasions*, was still more thoroughly satisfied than any of the Company.

The following Method of destroying Caterpillars on Trees, taken from the Gentleman's Magazine for June, as it has been tried with Success, is inserted for the Benefit of the Public.

TAKE lighted Charcoal in a Chafing Dish, and throw thereon some Pinches of Brimstone in Powder, place the same under the Branches that are loaded with Caterpillars.—The Vapour of the Sulphur, which is mortal to those Insects, will not only destroy all that are on the Tree, but prevent it being infested by them afterwards.—A Pound of Sulphur will clear as many Trees as grow on several Acres.

DOMINICA, *November* 2.

To all Merchants or Masters of Vessels navigating to or from any of the British Colonies in the Caribbee Islands.

THE critical Situation of Dominica between the two French Colonies of Guadaloupe and Martinico, expelling that Island to all the Rigours of the French King's Letters Patent of October 1727, *By* "which all foreign Ships and Vessels were made liable to be seized and confiscated for navigating within a League of their Coast," Whereby the Trade of his Majesty's Subjects in general, might be greatly obstructed, and that Colony particularly distressed; Brigadier General Dalrymple thought it indispensably his Duty to represent to the French Governors of the said Colonies the Inconvenience of putting the said Letters Patent rigorously in Force; and to propose a Suspension of that Part of them which exposed all British Vessels to be seized and confiscated, by approaching within the prescribed Distance (which must be often necessary to enable them to make out their Voyages to the several Islands, now intermixed with the French Colonies) till fresh Orders and Instructions relative to that Head might be received from our respective Courts; to which the General and Intendant of Martinico have assented by their publick Letter of the 1st of September, and those of Guadaloupe by Monsieur de Bourlemaque's Letter of the 17th of October.

"Provided always, That none of our Vessels should Anchor, or attempt to Anchor, in any of their Out-bays; in which case the said Vessels would be still liable to all the Rigours of the Letters Patent." But in case of Disasters at Sea, they might put into the Ports of St. Pierre, Fort Royal, and Trinity, of Martinico, and those of Basseterre and Point Peter of Guadaloupe.

Head Quarters, Roseau, October 24, 1763.

By the Brigadier's Command,

JOHN CHARLTON, *Secretary.*

CHARLES-TOWN (SOUTH-CAROLINA) *Jan.* 4.

This Day the General Assembly of this Province met here, in Obedience to the Governor's Proclamation, when his Excellency delivered the following SPEECH, to both Houses.

Honourable Gentlemen,

Mr. Speaker, and Gentlemen of the Commons House of Assembly,

WITHOUT observing To-day upon the Business of various Sorts, which well deserves your serious Attention, the melancholy Incident which I shall immediately make you acquainted with, will sufficiently justify my calling you so suddenly together. On the 24th of last Month, a Party of Creek Indians murdered fourteen Persons in the Long-Canes Settlement; an Outrage of this Sort, so soon after the King's Forgiveness of all former Offences was solemnly declared to them, and every Means used to remove their Jealousies, and to conciliate their Good Will, is too plain a Proof, I am afraid, that they are not to be reclaimed by good Offices, that they disdain your proffered Friendship, and are really dangerous and inveterate Enemies; as such they must be treated, and as such guarded against. The Consternation and real Distress which the poor unhappy back Settlers are thrown into, reduced to abandon their All, or lose their Lives, will, I am perswaded, excite your Compassion, and procure them Relief. It would be an Insult to your Humanity to doubt it, and additional Misery, if possible, to them to be disappointed. I will lay Copies of the Information brought me before you, and then rely on your taking such Measures as a Love of your Country, and a Tenderness for your Fellow Creatures, must dictate. Such Assistance as I could furnish independent of you is already ordered. When you, Gentlemen of the Commons House of Assembly, are deliberating upon this unhappy Affair, it will be by no Means foreign from the Subject to consider how the Posts on the Frontiers are circumstanced. Augusta, which is garrisoned by Troops from this Province, is in Ruins: Fort Moore is repaired indeed, but has not a Gun mounted, or a Gun Carriage belonging to it, nor am I able to convey to either a Barrel of Powder, unless I apply the poor Remains of contingent Money to this Service. There is not a Month's Provision in the one for the other, nor is Fort Prince George much better supplied, and what is still worse, the Crown no longer allows Provisions to the Troops.

Thus, Gentlemen, I have related plainly how Matters are, and have carefully avoided heightening the Distress of the Frontiers by laboured Descriptions.

Before I conclude, I must acquaint you, that in Consequence of Representations made to the King, his Majesty has thought proper to order me to appoint Commissioners to run a temporary Line of Jurisdiction, in Concert with North-Carolina Commissioners. Governor Dobbs and I have agreed, that they shall begin the First of March, and I now apply to you, Gentlemen of the Commons House of Assembly, to enable me to carry the King's Commands into Execution.

THOMAS BOONE.

A great Number of Settlers from the Northward, have come by Land into the Western Parts of this Province during several Months past. On the 26th ult. a Number of those Settlers, with four Waggons, arrived at Hard-Labour, where they resolved to remain till they heard what was to be done concerning the Murders committed by the Creek Indians.

PROVIDENCE, January 14.

The many Difficulties and Hardships which the Trade of the Northern Colonies is at present burthened with, by the several severe Restrictions, Prohibitions, &c. it is thought will excite the Attention of the Legislature of the different Governments respectively, and that proper Representations will soon be transmitted Home to the Lords of Trade and Plantations, for the Removal or Mitigation of the Grievances imposed on so loyal a Part of His Majesty's Dominions.

We hear that the Hon. STEPHEN HOPKINS, Esq; our Governor, has issued out Warrants for calling the General Assembly, to meet at South-kingstown on Tuesday the 24th Instant, in Consequence of a Petition from a considerable Number of Merchants of this Colony, who have a Remonstrance, with sundry important Matters, to lay before the House, respecting the Restrictions on the Plantation Trade.

BOSTON, *January* 16.

Extract of a Letter from Barbadas.

"There never was greater Plenty of Silver here than at present; all our Payments for the Produce of the Northern Colonies are made in Specie; and our Currency, as you will imagine, has been considerably reduced; notwithstanding which, scarce a Vessel departs either for England or the Continent, without having great Quantities of Dollars shipped on board, which plainly demonstrates how vastly beneficial, with regard to Trade, our late Connections with the Havannah have been, and at the same Time our Loss, or rather Infatuation to give it up.—It was, while in our Hands, like Solomon's Land of Ophir, to these Islands.

NEW-YORK, *January* 30.

The State of the Commerce of this Continent, is of universal Concern to its Inhabitants; at present it is in a languishing Condition; our Debt in Europe increases; our Power to pay it off decreases. To find out the Causes, and point out a Remedy for this growing Evil, is an Object of the most serious Consideration to every Friend to Great-Britain and North-America; for which End, the Merchants of this City had public Notice to assemble on Friday last, at Mr. Burns's Long Room, where a very considerable Body of them met, and appointed a Committee to prepare a Memorial to the Legislature of this Province, representing the Decline of Trade, and the Distresses of the Merchants and Traders of this City, praying its Interposition with the Parliament of Great-Britain: And as every Gentleman who is a Friend to the Trade of our Mother Country, or has Property in this Province, must conceive himself interested in the Success of this Undertaking, it is hoped that they will concurr therein, by furnishing such Materials as they may think proper to introduce on this Occasion, by a Direction to the Province Arms, where they will be gratefully received by the Committee, who will this Evening fix stated Times to meet; of which the Public will have Notice.

Head Quarters, New-York, January 5, 1764.

"His Majesty has been graciously pleased to signify to the Commander in Chief, his Royal Approbation

probation of the Conduct and Bravery of Colonel BOUQUET, and his Officers, and the Troops under his Command, in the two Attacks on the 5th and 6th of Auguſt, in which, notwithſtanding the many Circumſtances of Difficulty and Diſtreſs they laboured under, they repelled and defeated the repeated Attacks of the Indians, and conducted their Convoy ſafe to Fort Pitt."

Two Companies of New-York Provincials marched for Albany on the 24th of laſt Month, and a Third Company on the 8th of this Month; all raiſed in this City, and Places adjacent. They are picked Men, fit for the moſt alert Service, and are cloathed in a ſuitable Manner. We are likewiſe informed, that two other Companies, raiſing in Albany and Dutcheſs County, were lately ſo near being filled, that there is no Doubt they are by this Time compleated, and will make a fine Battalion.

Feb. 2. We hear from Prince Town, in New-Jerſey, that laſt Week a Room in the College there, was by ſome Accident ſet on Fire, and cauſed an Alarm, but was extinguiſhed without doing any Damage except in that Room. We hear each of the Rooms in this College are ſeparated by a Brick Wall, which is not cover'd by Wainſcot or any Wood Work, ſo that a Fire in any of the Rooms cannot ſpread to the reſt except by burning through the Floor to the Room beneath.

We are informed the following Premiums are intended for the Year 1764, by ſeveral of the Northern Colonies.

N. B. *The Candidates for theſe Premiums will be at Liberty to ſell their Goods to the beſt Advantage.*

It is alſo ſaid a Bounty will be granted (equal to the Duties impoſed) on foreign Sugar and Molaſſes, which ſhall be purchaſed with our Lumber, the other Produce of our Lands, and Employment of our Shipping, chargeable on a Duty to be levied on Sugar, Rum and Molaſſes from the Britiſh Iſlands; as the Value of Lumber in any Country in the Univerſe would not afford a double Freight (were our Shipping to return empty) of Conſequence the vaſt Quantity of Timber we have, would be, in a great Meaſure uſeleſs to us, and be of no Inconvenience to foreign Iſlands, where they have in general abundance of Cedar and Mahogany Timber of the beſt Kind: ours rots there in 8 or 10 Years.

We hear alſo, a Duty is to be impoſed on all Britiſh Woollen and Linen Manufactures, ſufficient to pay the Charges of Government, and the Officers of the Crown; alſo, the extraordinary Expences we have been at during the late War, which have not been allowed us by Britain.

That the Provinces will make Flour, Lumber, and other Produce of our Lands, a legal Tender, in the ſame Manner as Tobacco in Virginia or Maryland (our Silver and Gold being all gone to England, and no Means left of procuring more.) By this Means we may in Time be able to pay a Debt of Four Millions, at leaſt of Sterling Money, which the northern Provinces now owe to Great-Britain, without which (as the great Means of making Remittances are cut off) it will be impoſſible for us to pay; but it may be our Fifty-Six good Friends, the Weſt India Planters, in the Parliament of England, will be pleaſed to propoſe a Scheme to pay it for us.

PHILADELPHIA, *February* 9.

Extract of a Letter from Carliſle, Jan. 24, 1764.

"From Fort Frederick there is Advice, which, I think, may be depended on, of a Party of Indians having lately been down on Patterſon's Creek, in Virginia, and driving off a Number of Horſes and Hogs, but happily none of the Inhabitants fell into their Hands.—A Number of Families are again returned to their Dwellings in Shearman's Valley, and ſome of them begin to talk of putting in Spring Crops in thoſe Parts, being in great Hopes that ſome vigorous Meaſures will be taken againſt the Savages in the Summer.—Excepting the above-mentioned Incurſion, our Frontier now reſts in Peace, and has done ſo for ſome Time paſt."

AS I am fully determined on going Home in the Spring 1765, if then alive, in order to make a Settlement with my Employers, Meſſrs. JOHN GLASSFORD and Company, Merchants in *GLASGOW*, which I cannot accompliſh without making Settlements with my Cuſtomers; I take this Method of informing them, That from the Date I have given up the Management of the Store to Mr. *Robert Ferguſon*, (who is well known to moſt of them) that I may have it in my Power to attend properly on ſettling all my former Tranſactions, and which I hope I ſhall not be diſficult to get done againſt the Spring 1765, having now all my Accounts ready for that Purpoſe, and I flatter myſelf that none concerned will delay it on their Part, for however much I am inclined to be indulgent to thoſe who really have it not in their Power to make Payment ſoon, yet I am under the Neceſſity of requiring that every Perſon who have open Accounts with me, ſhall make a Settlement of ſuch Account, and their doing it ſoon will prevent them from being put to Expences, as well as Trouble to me. The Store at *George-Town*, on *Patowmack* River, now under the Management of Mr. *Robert Ferguſon*, will be ſupplied with Goods, *&c.* as uſual, and I have not the leaſt doubt of his giving Satisfaction to all who are Kind enough to favour him with their Cuſtom, as well as my good old Cuſtomers, as to others who may incline to open a Correſpondence with him. My Intention is to return to *George-Town* as early in the Spring 1766, as I can finiſh the Buſineſs on which I am going Home.
